Results & Fixtures

Our results so far are played 9 won 6 lost 3. Our remaining fixtures are-

Date	Team	Venue	Start Time
Sun 13 th August	Dinton	Home	10:00 am
Wed 30 th August	The Lee	Home	To be determined

I am having difficulty getting a team together for the match against The Lee and it is possible that this will have to be cancelled. Even if I do get a team, a number of the players who have played during the season will not be around. I therefore propose to do our under 12's team awards (being distinguished from the Clubs junior awards) at the awards evening. We will probably have to do this to one side rather than publicly. Otherwise, other teams might ask why they don't have any separate awards!

Averages update etc

Alex Partington, Jamie Lewis, and Tom Cullen lead the way in the batting averages. While Rory Sore, Alex Partington and Peter Garland all have bowling averages between 5 and 6.83. The top wicket takers are Alex with 15 and Peter with 13. They also have the best strike rates while Rory and Ben Woodbridge are the most economic bowlers.

A best allrounders award will be given to the player with the most points in the "Partington Fantasy League". Awards will also be given to the players with the highest batting average, the lowest bowling average, and the most catches and run outs. No player will receive more than one of these awards. I will have my laptop on the day of the final match so the final averages etc can be worked out.

Rant

Can the players please remember that:-

- Umpires decisions should not be queried and players should under no circumstances argue with them.
- The only person(s) who should move players in the field are the captain or the bowler.
- Colleagues should be encouraged and not criticised.
- The opposing side should always be treated with respect. So please no shouts about "thrashing" them or loud opinions expressed about their ability while we are in field (or lack of it!).

Looking forward

Let's make our final games winning ones. Dinton are a strong side and were very disappointed to lose to us earlier in the season. They will be out for revenge.

Our league match earlier in season against The Lee was abandoned because of the weather. Let's show them that we would have won it. This match will have to start earlier than the usual 6:00p.m. As the light will otherwise be too poor. I will let you know the arrangements once I have been able to speak to their team manager.
